OBJECTIVE

Junior Front-End Developer · on-site, hybrid or remote

PROFESSIONAL SUMMARY

Front-End Developer with hands-on experience building internal systems with React and TypeScript, integrated with REST APIs and Supabase. AWS Certified Cloud Practitioner and Systems Analysis and Development student (graduating Dec/2026). My background in technical support taught me to understand the user's problem before writing code. Looking for a Junior Front-End Developer position.

PROFESSIONAL EXPERIENCE

Automation Assistant | Systems Development Jun/2026 – Present
Bloco Construções – João Pessoa, Brazil

- Took part, with the team, in building and evolving about 16 internal systems, including Orb RH, a SaaS platform for HR management.
- Built screens and components in React and TypeScript, such as a candidate Kanban board and operational dashboards, automating recruitment, onboarding and document workflows.
- Integrated the interfaces with REST APIs, Supabase (Edge Functions) and PostgreSQL, and automated routines with n8n and RPA.
- Applied security from the start: RLS, role-based access control, IDOR/BOLA protection, rate limiting, upload validation and LGPD (Brazil's data protection law).
- Versioned code with Git and Pull Requests, tested APIs with Postman and documented deliveries.

Technical Support (Internship) Oct/2025 – Jun/2026
Fácil Tecnologia – João Pessoa, Brazil

- Supported users of Sistema Fácil (public agencies, civil servants and lenders) via chat, email and phone on Zendesk.
- Diagnosed system failures through data validation and root cause analysis, guiding users to fix operational errors.
- Escalated and followed up technical issues with the responsible teams until resolution.

Front-End Developer (Internship) Oct/2025 – Dec/2025
UBTech Software Factory / Unipê – João Pessoa, Brazil

- Built responsive interfaces with React.js, JavaScript, HTML5 and CSS for a confidential process gamification project for a public institution.
- Took part in gathering requirements and business rules with a multidisciplinary team, with continuous deliveries versioned in Git.

Lead Salesperson May/2022 – Sep/2025
Nutrivet Pet Shop – João Pessoa, Brazil

- Led the sales team and store organization, handling customer service, negotiation and closing sales.
- Provided technical support and maintenance for the store's computers and introduced small technology improvements to daily work.

PROJECTS

CuboVision Oct/2026

Application that validates the state of a Rubik's Cube (pieces, orientation and parity), computes the solution with Kociemba's two-phase algorithm and shows it step by step on an animated 3D cube. Tested with a physical cube, which ended up solved.

React · TypeScript · Three.js · Python · FastAPI · Vitest · pytest — github.com/andresllvh/cubovision

RCS Pontual Prime Jan/2026

PWA for managing recurring transport (school and corporate), with daily passenger check-in, real-time routes and GPS tracking, access profiles (Admin, Driver and Passenger), push notifications and a financial dashboard.

React 19 · TypeScript · Vite · Firebase Authentication · Cloud Firestore · Google Maps API

Invisibility Cloak 2026

Computer vision application that detects hand gestures in real time: an open hand makes the user invisible on camera, a closed fist makes them reappear.

Python · OpenCV · MediaPipe — github.com/andresllvh/hand-invisibility-cloak

EDUCATION

Associate Degree in Systems Analysis and Development Jan/2025 – Dec/2026

Unipê – Centro Universitário de João Pessoa · expected graduation Dec/2026

CERTIFICATIONS AND COURSES

AWS Certified Cloud Practitioner – Amazon Web Services · Oct/2026 (valid until Oct/2029) · Credly credential

AWS re/Start Graduate – Amazon Web Services / Escola da Nuvem · Feb/2026 · 270-hour Cloud Computing program (Nov/2025 – Mar/2026) · Credly credential

AWS Knowledge: Migration Foundations – Amazon Web Services · Oct/2026 · Credly credential

Cloud Fundamentals – SMBs – TIDWIT (powered by AWS) · Apr/2026

Foundations: Data, Data, Everywhere – Google (Coursera) · Dec/2025 · verified certificate

In preparation: AWS Certified Developer – Associate
